

# HARVARD LEADERSHIP CONFERENCE

November 6, 2014

Dear Hwashen Consulting, LLC,

Thank you very much for your generosity in supporting the 2014 Harvard Leadership Conference.

This year's theme is entitled Global Leadership: A World of Opportunities. In summary, the conference will consist of powerful lectures and hands-on workshops. Our speakers include the founder of the Make-A-Wish Foundation, Harvard faculty, film-makers, Fortune 500 CEO's, former astronauts, best-selling authors, and more. We are reaching out to all 12 Harvard graduate and professional schools, providing an expected 800 students from across the University with opportunities to interact and develop new leadership techniques that could be used across the different disciplines of the Harvard graduate and professional degree programs.

As in the past, we are committed to bringing world-class speakers and organizing engaging conferences, while minimizing the cost to our Harvard graduate and professional students from each school. Your sponsorship is assisting Harvard graduate students with tackling our toughest societal problems. I would like to thank you again for sponsoring the 2014 Harvard Leadership Conference.

Sincerely,

Yue Zhang  
VP Finance  
Harvard Graduate Student Government

Sudipta "Nila" Devanath  
President  
Harvard Graduate Student Government
